

# Warm Water Massage AND RELAXATION

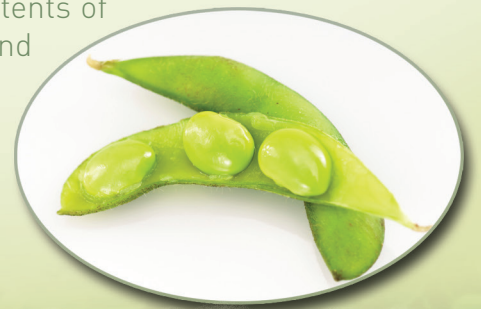

## STAY HOT GUARANTEE

Our ECO Bond  
& Heater Combination  
will keep your bath water  
hot for 30 minutes

## ENVIRO ECO BOND GREEN FOAM INSULATION

- **ULTRA QUIET OPERATION:** Reduces pump noise substantially compared to a traditional bath.
- **HOT WATER RETENTION:** Helps keep the water hot for up to 30 minutes. Provides a Insulating R Factor of 12-18 on most of the bath surfaces
- **ENERGY COSTS:** Reduces energy consumption by maintaining water temperature without the use of electric or natural gas heat sources
- **RENEWABLE RESOURCE:** Produced from plant based natural oil polyols
- **ENVIRONMENTALLY FRIENDLY:** Has some of the highest contents of renewable resources in the industry - reducing the demand and dependance on petroleum reserves

*Eco Bond Green Foam Insulation is derived from Plants*
